Comparative literature is an academic field dealing with the study of literature and cultural expression across linguistic, national, geographic, and disciplinary boundaries. Comparative literature "performs a role similar to that of the study of international relations, but works with languages and artistic traditions, so as to understand cultures 'from the inside'".

Comparative literature - Wikipedia

The Department of Comparative Literature promotes the multidisciplinary, historically self-reflective and cross-cultural study of texts, traditions, and discourses. One of the earliest programs of its kind in America, Comparative Literature at Chicago continues to be inspired by the same spirit of thinking globally and transhistorically that ...
