Yes, crazybulk legal steroids are completely safe to use. They are made from natural ingredients such as herbs, vitamins and minerals. This means zero side effects, just gains.

The 5 Best Legal Steroids For Gaining Muscle Revealed! [NEW]

Seems like a crazy notion, but has anyone given up the protein shakes and noticed a drop in gains? I doubt it very much. I've just had 3 weeks with no protein supplementation and my gains where still good. Strength/ mass increased. SO WTF is the deal? As an gym manager I receive plenty of government literature. The majority states that "protein supplements are a waste of money".

PROTEIN SUPPLEMENTS: YES or NO? - EliteFitness

So the answer, for the majority of us, is a simple yes, especially if you take your training seriously. The biggest issue I see with protein is the difficulty of consuming enough of it with the usual food intake. I personally take more supplements during a cutting cycle. The main reason is due to the muscle loss problem.
