### Halo Ghosts Of Onyx Eric

Ghosts of Onyx might be my favorite book so far with Fall of Reach being a close second. I always say that Eric's books are my favorite, but this one takes the cake! This book follows a few different storylines than the other books follow, (all except Master Chief for a quick chapter) like Spartan-II Kurt, Spartan-III's, Blue team, Dr Halsey, Commander Richard Lash of the prowler Dusk and Fleet Master Voro 'Mantakree.

Military Sci-Fi is my favorite genre. Eric's books are creative and I like the strategies that he writes into the space battles and the ground battles. This is one of the best Halo books and I found it to be entertaining. You get action that involves Spartan II warriors, Spartan III's, Dr Halsey and CPO Mendez.

GHOSTS OF ONYX expands Halo, the world created by Microsoft's Xbox game. This surprisingly strong adventure translates well to audio, complemented by Jonathan Davis's steady narration. He traverses the human versus alien world of military operations and weapons acronyms with precision and mitigates the sterile military setting with warm, human tones.

I chose this book because I am a fan of the author and I like all Halo related literature. Anything that is fantasy appeals to me because pretty much anything the author wants to happen can happen.
