From the #7035 Team Truck manual:
Team Associated's RC10 2WD car has
won three IFMAR World Championships,
including the 1991 race in Detroit, MI.
For the IFMAR Worlds held in Australia,
in 1989, we had developed a totally new
transmission called the Stealth
transmission. This Stealth tranny was
also used in the '91 race in Detroit.

Since then, it can be said that Team Associated has done well for itself in the RC competition world is quite the understatement. After securing countless championships over the past few decades, Team Associated and its RC10 legacy has lived on in an entire armada of radio controlled kits ranging from two and four-wheel drive tenth-scale buggies all the way to eighth-scale nitro machines.

The RC10 Team Car was released the same year as the Championship Edition (1990). Many of the changes that took place on the CE were applied to the Team Car as well. The aluminium tub was the main chassis that all the Team Associated drivers used, so the tub Team Car was released before the Graphite Team Car.

Associated Rc10 at Boca Bearings

In 2006, with 27 IFMAR victories in all, Team Associated is the world's "winningest" RC car manufacturer. Reedy motors, a division of Associated, has powered 28 IFMAR World Champions. R&D manager and world-class driver Cliff Lett broke the RC land speed record of more than 111 mph (179 km/h) with a heavily modified Associated RC10L3 touring car at Irwindale Speedway on January 13, 2001.
